

AIR QUALITY PERMIT NOTICE
Draft Federally Enforceable/Conditional Major
Operating Permit Renewal F-09-004

Continental Web Press - Plant I.D. 21-015-00114

Continental Web Press has applied to the Kentucky Division for Air Quality for renewal of the permit to operate a commercial lithographic printing facility at 125 Richwood Rd., Walton, KY 41094-9526. The plant is classified as a Conditional Major source due to potential emissions of regulated air pollutants greater than a major source threshold. This permit contains practically enforceable limitations to restrict this source's potential emissions to less than a major source threshold.

An electronic copy of the draft permit should shortly become available at <http://www.air.ky.gov/permitting/>. Copies of the draft permit and relevant supporting information are available for inspection by the public during normal business hours at the following locations:

The Division is soliciting comments on the draft permit and affording the opportunity for a public hearing. To be considered, any written comments or requests for a public hearing must be postmarked within 30 days following the date of this notice. Comments and/or public hearing requests should be sent to Mr. James Morse at the above Frankfort address. Any person who requests a public hearing must state the issues to be raised at the hearing. If the Division finds that a hearing will contribute to the decision-making process by clarifying significant issues affecting the draft permit, a hearing will be announced. All relevant comments will be considered in issuing the final permit. Further information can be obtained by calling Mr. Rick Shewekah at (502) 564-3999.
